**APPLICATION FOR PATENT TERM ADJUSTMENT UNDER 37 C.F.R. § 1.705(b)**

Madam:

Applicant respectfully requests reconsideration of the patent term adjustment indicated in the Determination of Patent Term Adjustment mailed together with the Notice of Allowance on March 31, 2009, in connection with the above-identified application. It is respectfully requested that Applicant be granted a minimum patent term adjustment of at least **87 days**, subject to any adjustment under 37 C.F.R. § 1.704(c)(10), instead of the 0 days indicated on the Determination of Patent Term Adjustment.

In summary, Applicant respectfully requests that the patent term adjustment be increased to include a period of delay under 37 C.F.R. § 1.702(b) of at least 281 days in addition to the period of delay under 37 C.F.R. § 1.702(a) of 344 days that was already calculated by the Patent Office. Applicant's calculation of the period of delay by the Patent Office under 37 C.F.R. § 1.702(a) is in agreement with the calculation set forth by the Patent Office, provided as **Exhibit A**. Applicant's calculation of the reduction of adjustment of patent term under 37 C.F.R. § 1.704

is at variance with the calculation set forth by the Patent Office in Exhibit A. A timeline of relevant dates is provided as **Exhibit B**.

In accordance with 37 C.F.R. § 1.705(b)(2), the issue fee has not yet been paid and is submitted herewith; this request is accompanied by the fee set forth in 37 C.F.R. § 1.18(e); Applicant provides the following statement of the facts involved; the patent that is to issue on this application is not subject to a terminal disclaimer; and there were no circumstances constituting a failure to engage in reasonable efforts to conclude processing or examination as set forth in 37 C.F.R. § 1.704 other than those noted in Section II.A. below.

I. Bases for patent term adjustment under 37 C.F.R. § 1.702 and corresponding relevant dates under 37 C.F.R. § 1.703 due to failure of the Patent Office.

Pursuant to 37 C.F.R. § 1.702(a) and § 1.703(a), Applicant is entitled to a patent term adjustment period of **344 days**, which is the sum of the following periods of Examination delay.

The present application was filed on January 18, 2002. The date fourteen months after the filing date is March 18, 2003. However, a first action under 35 U.S.C. §132, namely a Restriction/Election Requirement, was mailed on February 25, 2004. In view of the foregoing, a patent term adjustment of **344 days** is warranted pursuant to 37 C.F.R. § 1.702(a)(1) and 37 C.F.R. § 1.703(a)(1).

Applicant responded to the February 25, 2004, Restriction/Election Requirement with a reply under 37 C.F.R. § 1.111 received at the Patent Office on March 10, 2004.

Within four months of Applicant's response, a subsequent action under 35 U.S.C. §132, namely a second Restriction/Election Requirement, was mailed on June 30, 2004.

Applicant responded to the June 30, 2004, Restriction/Election Requirement with a reply under 37 C.F.R. § 1.111 received at the Patent Office on July 22, 2004.

Subsequent to Applicant's response but prior to mailing of the first office action on the merits, Applicant filed an Information Disclosure Statement (IDS) received at the Patent Office on September 16, 2004.

Within four months of Applicant's response, a first Office Action on the merits was mailed on October 27, 2004.

Applicant responded to the October 27, 2004, Office Action a with reply under 37 C.F.R. § 1.111 received at the Patent Office on January 25, 2005.

Within four months of Applicant's response, a final Office Action was mailed on April 25, 2005.

Applicant responded to the April 25, 2005, final Office Action with a Notice of Appeal received at the Patent Office on October 27, 2005.

The following events took place after receipt at the Patent Office of the Notice of Appeal on October 27, 2005.

Applicant subsequently filed a Request for Continued Examination (RCE) received at the Patent Office on May 30, 2006.

The following events took place after receipt at the Patent Office of the RCE on May 30, 2006.

Within four months of the receipt of the RCE, a non-final Office Action was mailed on July 31, 2006.

Applicant responded to the July 31, 2006, Office Action a with reply under 37 C.F.R. § 1.111 received at the Patent Office on February 1, 2007.

Applicant subsequently filed an IDS received at the Patent Office on February 12, 2007.

Applicant subsequently filed an IDS received at the Patent Office on March 19, 2007. This IDS was accompanied by a statement that each item of information contained in the IDS was first cited in a communication from a foreign patent office in a counterpart application and that this communication was not received by any individual designated in 1.56(c) more than thirty days prior to the filing of the IDS.

Within four months of Applicant's response, a further non-final Office Action was mailed on April 19, 2007.

Applicant responded to the April 19, 2007, Office Action a with reply under 37 C.F.R. § 1.111 received at the Patent Office on October 24, 2007.

Applicant subsequently filed an IDS received at the Patent Office on November 29, 2007.

Within four months of Applicant's response, a further non-final Office Action was mailed on January 29, 2008.

Applicant responded to the January 29, 2008, Office Action with a reply under 37 C.F.R. § 1.111 received at the Patent Office on May 29, 2008.

Applicant subsequently filed an IDS received at the Patent Office on August 27, 2008.

Within four months of Applicant's response, a further non-final Office Action was mailed on September 5, 2008.

Applicant responded to the September 5, 2008, office action with a reply under 37 C.F.R. § 1.111 received at the Patent Office on January 5, 2009.

Within four months of Applicant's response, a Notice of Allowance under 35 U.S.C. § 151 was mailed, on March 31, 2009.

Applicant is filing herewith an Amendment under 37 C.F.R. § 1.312.

Accordingly, the patent term adjustment due to failure of the Office to take actions within specified time frames under 37 C.F.R. § 1.702(a) and 37 C.F.R. § 1.703(a) is a total of **344 days**. This calculation is in agreement with the Patent Office calculation shown on the Patent Term Adjustment History attached hereto as Exhibit A.

In addition, pursuant to 37 C.F.R. § 1.702(b) and § 1.703(b), Applicant is entitled to a period of patent term adjustment of at least **281 days** due to the failure of the Patent Office to issue a patent within three years after the date on which the application was filed under 35 U.S.C. 111(a).

The present application was filed on January 18, 2002. Therefore, a period that is more than three years after the date on which the application was filed begins on January 19, 2005.

Pursuant to 37 C.F.R. § 1.703(b)(4), any period that is more than three years after the filing date that is consumed by the period beginning on the date on which a notice of appeal to the Board of Patent Appeals and Interferences was filed under 35 U.S.C. 134 and ending on the date of mailing of either an action under 35 U.S.C. 132, or a notice of allowance under 35 U.S.C. 151, whichever occurs first, if the appeal did not result in a decision by the Board of Patent Appeals and Interferences, is excluded from the period of adjustment under 37 C.F.R. § 1.702(b).

In addition, pursuant to 37 C.F.R. § 1.703(b)(1), any period that is more than three years after the filing date that is consumed by the period beginning on the date on which an RCE was filed under 35 U.S.C. 132(b) and ending on the date the patent is issued, is excluded from the period of adjustment under 37 C.F.R. § 1.702(b).

As noted above, Applicant filed a Notice of Appeal to the Board of Patent Appeals and Interferences, received by the Patent Office on October 27, 2005. Subsequently, Applicant filed an RCE in a paper received by the Patent Office on May 30, 2006, thereby effectively terminating the appeal without a decision by the Board of Patent Appeals and Interferences.

In view of the foregoing, a patent term adjustment of **281 days**, corresponding to the period starting on January 19, 2005, and ending on October 26, 2005, is warranted pursuant to 37 C.F.R. § 1.702(b) and 37 C.F.R. § 1.703(b). This additional period of adjustment pursuant to 37 C.F.R. § 1.702(b) and § 1.703(b) is not reflected on the Patent Office summary of Patent Term Adjustments attached hereto as Exhibit A.

Pursuant to 37 C.F.R. § 1.703(f), the term of a patent entitled to adjustment under 37 C.F.R. § 1.702 and § 1.703 shall be adjusted for the sum of the periods calculated under paragraphs (a) through (e) of 37 C.F.R. § 1.703, to the extent that such periods are not overlapping, less the sum of the periods calculated under 37 C.F.R. § 1.704. The periods of **344 days** under 37 C.F.R. § 1.703(a) and **281 days** under 37 C.F.R. § 1.703(b) are not overlapping, as shown on the timeline attached as Exhibit B. Accordingly, the present application is entitled to a period of adjustment of at least **625 days** (344 + 281 days), less the sum of the periods calculated under 37 C.F.R. § 1.704. Any further adjustment due to a delay in issuing the patent after payment of the issue fee under 37 C.F.R. § 1.703(a)(6) should be added to this adjustment period.

II. Bases for reduction of adjustment of patent term and corresponding relevant dates under 37 C.F.R. § 1.704 due to Applicant's failure.

A. Bases for reduction of adjustment of patent term under 37 C.F.R. § 1.704(b).

Subsequent to Applicant's response to the second Restriction/Election Requirement, received at the Patent Office on July 22, 2004, but prior to the first Office Action on the merits, Applicant filed an Information Disclosure Statement (IDS) received at the Patent Office on September 16, 2004. In view of the foregoing, a reduction of **56 days** in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b).

A final Office Action was mailed on April 25, 2005. The date three months after this Office Action is July 25, 2005. Applicant responded to the April 25, 2005, final Office Action with a Notice of Appeal received at the Patent Office on October 27, 2005. In view of the foregoing, a reduction of **94 days** in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b).

A non-final Office Action was mailed on July 31, 2006. The date three months after this Office Action is October 31, 2006. Applicant responded to the July 31, 2006, Office Action in a reply received at the Patent Office on February 1, 2007. In view of the foregoing, a reduction of **93 days** in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b).

Applicant subsequently filed an IDS received at the Patent Office on February 12, 2007. In view of the foregoing, a reduction of **11 days** in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b).

Applicant subsequently filed an IDS received at the Patent Office on March 19, 2007. This IDS was accompanied by a statement that each item of information contained in the IDS was first cited in a communication from a foreign patent office in a counterpart application and that this communication was not received by any individual designated in § 1.56(c) more than thirty days prior to the filing of the IDS. 37 C.F.R. § 1.704(d) provides, in pertinent part, that a paper containing only an IDS under these circumstances will not be considered a failure to engage in reasonable efforts to conclude prosecution of the application under 37 C.F.R. § 1.704(c)(8). In view of the foregoing, no reduction in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b). This is contrary to the calculation set forth by the Patent Office in Exhibit A, which reduced the adjustment of the patent term by an additional 46 days.

A further non-final Office Action was mailed on April 19, 2007. The date three months after this Office Action is July 19, 2007. Applicant responded to the April 19, 2007, Office

Action in a reply received at the Patent Office on October 24, 2007. In view of the foregoing, a reduction of **97 days** in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b).

Applicant subsequently filed an IDS received at the Patent Office on November 29, 2007. In view of the foregoing, a reduction of an additional **36 days** in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b).

A further non-final Office Action was mailed on January 29, 2008. The date three months after this Office Action is April 29, 2008. Applicant responded to the January 29, 2008, Office Action in a reply received at the Patent Office on May 29, 2008. In view of the foregoing, a reduction of **30 days** in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b).

Applicant subsequently filed an IDS received at the Patent Office on August 27, 2008. In view of the foregoing, a reduction of an additional **90 days** in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b). This additional reduction was not included in the calculation set forth by the Patent Office in Exhibit A.

A further non-final Office Action was mailed on September 5, 2008. The date three months after this Office Action is December 5, 2008. Applicant responded to the September 5, 2008, Office Action in a reply received at the Patent Office on January 5, 2009. In view of the foregoing, a reduction of **31 days** in the adjustment of the patent term is warranted pursuant to 37 C.F.R. § 1.704(b).

Applicant is filing herewith an Amendment under 37 C.F.R. § 1.312. 37 C.F.R. § 1.704(c)(10) provides, in pertinent part, that submission of an amendment under § 1.312 after a notice of allowance has been given or mailed, shall reduce the period of adjustment set forth in § 1.703 by the lesser of: (i) the number of days, if any, beginning on the date the amendment under § 1.312 was filed and ending on the mailing date of the Office action or notice in response to the amendment under § 1.312 or such other paper, or (ii) four months.

B. Sum of periods calculated under 37 C.F.R. §1.704(b).

Based on the reductions in adjustment of patent term indicated above, the total reduction in the adjustment of patent term under 37 C.F.R. § 1.704(b) is **538 days** (56 + 94 + 93 + 11 + 97 + 36 + 30 + 90 + 31 days), subject to any adjustment under 37 C.F.R. § 1.704(c)(10). This total period of reduction pursuant to 37 C.F.R. § 1.704(b) is in disagreement with the calculation set forth by the Patent Office in Exhibit A. In particular, the calculation set forth by the Patent Office included an additional 35 days reduction associated with the IDS received at the Patent Office on March 19, 2007, did not include the 90 days reduction associated with the IDS received at the Patent Office on August 27, 2008, and did not account for the Amendment under 37 C.F.R. § 1.312.

III. Total patent term adjustment to which the patent is entitled under 37 C.F.R. § 1.703(f).

As set forth in 37 C.F.R. § 1.703(f), the term of a patent entitled to adjustment under 37 C.F.R. §§ 1.702 and 1.703 shall be adjusted for the sum of the periods calculated under paragraphs (a) through (e) of § 1.703, to the extent that such periods are not overlapping, less the sum of the periods calculated under § 1.704. Accordingly, the total patent term adjustment should be at least at least **87 days**, subject to any adjustment under 37 C.F.R. § 1.704(c)(10), corresponding to **625 days** (344 + 281 days) (from Section I above) plus the eligible delay, if any, in issuing the patent after receipt of the issue fee, minus **538 days** (56 + 94 + 93 + 11 + 97 + 36 + 30 + 90 + 31 days), subject to any adjustment under 37 C.F.R. § 1.704(c)(10) (from Section II above).

Applicant has provided a statement of the facts involved, specifying the correct patent term adjustment and the basis under 37 C.F.R. § 1.702 for the adjustment, including the relevant dates for which adjustment is sought, and the adjustment to which the patent is entitled. Therefore, Applicant respectfully requests favorable consideration of this application for a patent term adjustment of at least **87 days**, subject to any adjustment under 37 C.F.R. § 1.704(c)(10), instead of the 0 days indicated with the Notice of Allowance.
